Recreation and culture	38,020	41,945	40,487	40,038

2013 household income expenses

Key Insights:

1. Most south Africa households spend most on water, electricity and housing.
2. Only Gauteng province where most households spend on transportation
3. South Africans in all provinces do not spend on recreation and culture, which makes it score less on our stacked bar chart.
